Badge Testing

Congratulations to everyone who has passed badges this term in both trampolining and gymnastics, and it is a lot of you! Well done.

Poppy, Alexis, Gracie and Lucinda have all achieved their badge 1 for Gymnastics this term. They all received a British Gymnastics medal along with their certificates and badges. Well done girls.

If you haven't had a gymnastics badge or certificate this term it might be that you missed the badge testing weeks, or that you still need to perform skills for the badge to a good enough standard to pass. If you missed the badge testing we will endeavour to do it this week.

Once slips and payment has been received badges and certificates will be issued at the next class.

If you have any queries please get in touch.

Coaching Courses

Good luck to Erin and Ella, both taking their Proficiency in Gymnastics coaching course on Sunday.

Fundraising

We would like to replace our airtrack with a better one as the current one was purchased second hand and is very noisy and not the best to tumble on. The new ones are silent and give much better performance for gymnasts and coaches to support skills. However, these are not cheap. If anyone has any super fundraising ideas please get in touch. We will be using our Eastern Region bursary towards the purchase of this and aim to have the new airtrack by September.
